

Skid Steer 4-in-1 Bucket Attachment

This 4-in-1 bucket attachment is designed for skid steer loaders. It is constructed from high-strength steel and allows for digging, dozing, leveling, grappling, and dumping.

Product Overview

Versatile Multi-Purpose Attachment

The 4-in-1 skid steer bucket is a heavy-duty, versatile attachment designed to handle diverse tasks including digging, dozing, leveling, grappling, and dumping. Constructed from high-strength steel, it is engineered for durability in demanding construction, landscaping, and agricultural environments. This attachment features a reinforced cutting edge and hydraulic cylinders, ensuring smooth and reliable operation for professional performance.

Key Features

Applications

Construction, Landscaping, Agriculture, Levelling, Grappling, Dozing

Technical Specifications

Operating Hydraulics

16 MPa

Operating Pressure

Model Dimensions and Capacity
