

SL8 200mm Screwdriver

This SL8 screwdriver is designed for durability and precision. The tool is suitable for a wide range of applications and features an ergonomic handle for comfortable use.

Product Overview

Professional Grade SL8 Screwdriver

The SL8 200mm slotted screwdriver is engineered for precision and durability in demanding work environments. Crafted from premium chrome-vanadium steel, the shank offers superior corrosion resistance, while the heat-treated tip ensures long-lasting performance. The inclusion of a strong magnetic tip and an ergonomic, slip-resistant grip ensures reliable screw handling and user comfort.
