

Slider Feature Phone with Keypad

This is a classic slider mobile phone, designed for straightforward communication. It features a color display and a physical keypad.

Product Overview

Compact Slider Design

This slider feature phone offers a reliable and classic mobile communication experience. Designed with a physical keypad and a compact, ergonomic form factor, it is ideal for users who prioritize simplicity and durability. The metallic finish adds a professional touch, making it a suitable choice for business environments where straightforward, functional devices are required.
