

Slider Feature Phone with Keypad

This slider mobile phone features a classic design with a physical keypad and a compact form factor. It offers basic mobile communication functionalities, including calling and texting.

Product Overview

Compact Slider Communication

This slider feature phone offers a reliable and classic communication solution in a compact, portable form factor. Designed for simplicity and ease of use, it features a physical numeric keypad hidden behind a smooth sliding mechanism. It is an ideal choice for users seeking essential calling and texting functionalities without the complexity of modern smartphones.
