Product Overview

Professional Performance

This professional-grade slotted screwdriver is engineered for high-performance fastening and loosening tasks across diverse fields such as electronics repair, woodworking, and general maintenance. Constructed with premium chrome vanadium steel, the tool offers superior durability, corrosion resistance, and structural integrity. The ergonomic handle design ensures a secure, comfortable grip, allowing for maximum torque application while minimizing hand fatigue during extended use.

Technical Specifications

Blade Material	Chrome Vanadium (CRV) Steel
Tip Type	Slotted
Blade Dimensions	1/4 inch, 6mm width, 4 inch, 100mm length

Features

Key Features

- Magnetic tip for secure screw retention
- Ergonomic handle for enhanced control
- Corrosion-resistant steel shaft
- Professional-grade build quality

Applications

Common Applications

Electronics Repair • Woodworking • General Maintenance
