Product Overview

Professional Masticating Juicer

This high-efficiency masticating juicer is engineered to extract maximum juice yield from a wide variety of fruits and vegetables while preserving vital nutrients. Utilizing a slow-speed double auger system, it minimizes oxidation and heat buildup to ensure enhanced flavor and a longer shelf life for your juice. Built with durable, heavy-duty Tritan components and a powerful 200W motor, this unit offers reliable, quiet operation suitable for both home and professional settings.

Technical Specifications

Motor Power

200 W

Power Output

Voltage Range

100-240V, 50/60Hz

Rotation Speed

65 RPM

Design & Build

Material Construction

Heavy-duty Tritan strainer and auger (8x stronger than standard plastic)

Control Panel

Waterproof soft touch control panel with tempered glass

Certifications

Certifications

CE, GS, ROHS, LFGB, CB
