Product Overview

Smart Cleaning Performance

This automated cleaning robot delivers a comprehensive maintenance solution for your home with integrated sweep, vacuum, dry mopping, and UV sterilization functions. Designed for convenience, it features intelligent sensor-based navigation, obstacle avoidance, and a low-profile design that easily slides under furniture. With automatic recharging capabilities and customizable scheduling, it ensures your floors remain pristine with minimal manual intervention.

Technical Specifications

Intuitive LCD interface and touch controls for mode selection.

Working Time

130 min

Maximum Run Time

Power Consumption	27.5 W
Operating Noise	50 dB
Dust Capacity	0.35 L
Battery Capacity	2200 mAh
Charging Duration	3.5 hrs

Physical Attributes

Low-profile 8.7cm design allows cleaning under low-clearance furniture.

Dimensions (D x H)	32cm x 8.7cm
Construction Materials	ABS, PP

Certifications

Compliance

CE • GS • RoHS

Features

Includes charging station, virtual wall, remote, and cleaning accessories.

Cleaning Functions

- Sweep
- Vacuum
- Dry Mopping
- UV Sterilization
