Overview

Smart Home All-in-One Ironing System

This advanced smart home ironing system provides a professional garment care solution by combining ironing, steaming, and drying functionalities. Equipped with a high-performance 5-bar steam pressure system and intelligent controls, it ensures efficient wrinkle removal across diverse fabric types. The unit features a foldable, height-adjustable design with mobility wheels, making it an ideal space-saving addition to any modern household.

Performance Metrics

Core Specifications

5 bars

Steam Pressure

120 g/min

Steam Rate

2.8 L

Water Tank Capacity

3 min

Steam Ready Time

Technical Details

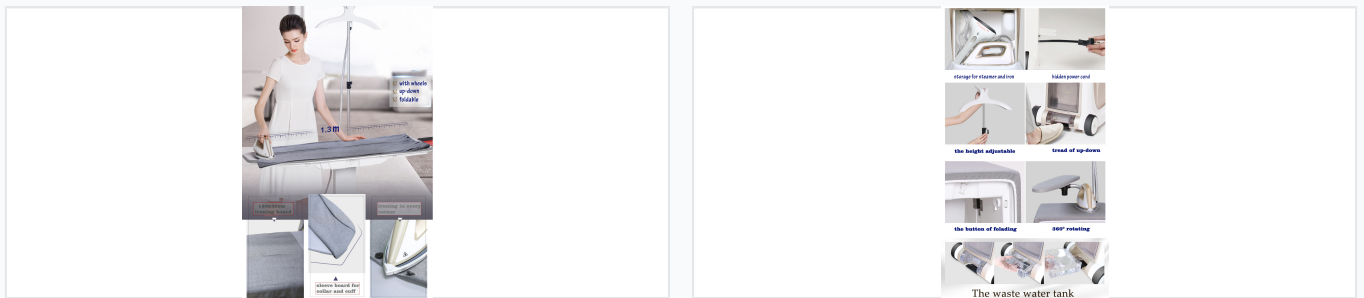

Power Ratings

Component	Power (W)
Total Power	1500
Hang Steamer	600
Ironing	700

Temperature Control 80-220°C

Input Voltage 110/220V

Design and Ergonomics

Dimensions

- Ironing Board: 130x40cm
- Sleeve Board: 30x10cm
- Folded Size: 42x45x70cm
- Adjustable Height: 70-100cm

Body Material Aluminum

Advanced Features

Integrated Features Voice Control, Blowing Mode, Suction Mode, Auto-Calc System, Auto-Cleaning, Safety Auto-Off
