Overview

Smart 4-in-1 Cleaning Solution

The JL-K906 is a professional-grade robotic vacuum designed for comprehensive floor maintenance, offering sweeping, vacuuming, mopping, and UV sterilization in a single device. Equipped with advanced gyroscope navigation and 3200Pa of suction power, it ensures systematic cleaning across various surfaces including wood, tile, and carpet. With integrated Wi-Fi for Tuya App control and compatibility with Alexa and Google Home, this robot provides a seamless, automated cleaning experience for modern B2B sourcing needs.

Performance Metrics

POWERFUL & QUIET

The advanced brushless motor generates 3 adjustable suction power (MAX 3200Pa) levels while maintaining quiet operation (only 60dB) to give a superior cleaning experience.

Cleaning Performance

3200 Pa
Suction Power

Navigation & Intelligence

GYROSCOPES

optical-tracking navigation

AUTO-INCREASE SUCTION

Climb up the thresholds and carpet and increase suction automatically

AUTO-SENSE TECHNOLOGY

100% full-depth advanced infrared sensors detect the color, texture, and cleanliness of the floor to automatically adjust the suction power and rotation speed.

CLEANS EVERYWHERE

For floor-to-ceiling suction, the advanced high-speed cyclone for high speeds. The 100% full-depth sensors detect the color, texture, and cleanliness of the floor to automatically adjust the suction power and rotation speed.

Navigation Technology

- Gyroscope Navigation
- Optical-tracking Navigation
- Anti-collision Infrared Sensors (14 built-in)
- Anti-falling System
- Anti-tangling Technology
- Auto-increase Suction for Carpets

Cleaning Modes

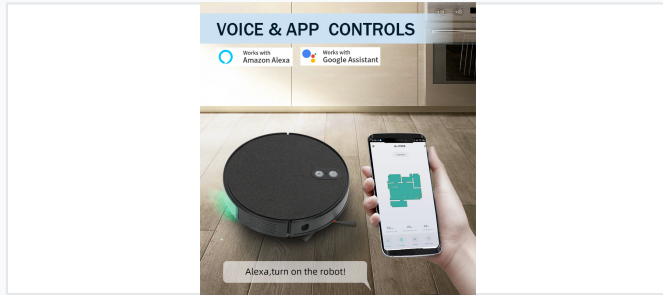

Auto, Spot, Edging Wall, Zig-zag, Random, Quiet Mode

Technical Specifications

Physical Specifications

Feature	Details
Model Number	JL-K906
Dimensions	1315x H92 mm
Dust Bin Capacity	300 mL
Water Tank Capacity	200 mL
Climbing Ability	18 mm

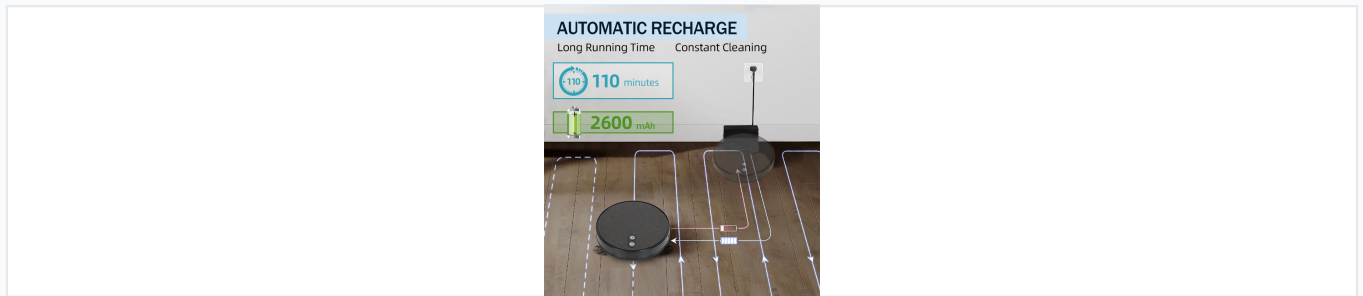

Connectivity & Control

Control Options

- Smart TUYA App Control
- Voice Control (Alexa & Google Home)
- Remote Control
- Manual Machine Control
- Schedule Cleaning

Battery & Charging

Battery Capacity	3200 mAh
Charging Duration	4-5 Hours
Automatic Recharge	Yes

Floor Compatibility

Supported Surfaces	Wood, Tile, Carpet, Linoleum, Laminate
--------------------	--

Logistics

Packaging Details

Type	Dimensions
Gift Box	390*136*330mm
Export Carton	622*416*362mm
40' HQ Loading	2200 pcs
