

SMT Pick and Place Machine Nozzle 3.7mm

This 3.7mm nozzle is designed for use in SMT pick and place machines. It facilitates the accurate and reliable placement of small components during electronic assembly.

Product Overview

Precision SMT Nozzle

This high-precision nozzle is engineered for automated pick and place assembly machines, ensuring reliable and accurate component placement. Designed for high-speed production environments, it optimizes suction and airflow to maintain consistent performance. Available in various sizes, this component is built for durability and wear resistance in demanding manufacturing cycles.

Technical Specifications

Nozzle Diameter	3.7 mm
Equipment Series	NXT H04

Available Variants

Available Nozzle Sizes

Part Number	Size
AA0AS00	1.0
AA06800	1.3
AA0HL00	1.8
AA0HM00	2.5
AA0HN00	3.7
AA0HR01	5.0
AA08000	7.0
AA08100	10.0
AA08200	15.0
AA08300	20.0
