

SMT Pick and Place Nozzle for SAMSUNG CP 20/40

This SMT pick and place nozzle is designed for SAMSUNG CP 20/40 machines. The N045 nozzle ensures reliable component handling and accurate placement during surface mount assembly processes.

Product Overview

Precision SMT Nozzles

These high-precision pick and place nozzles are engineered for optimal performance in surface mount technology assembly lines. Available in both original new and copy new variants, they offer exceptional durability and consistency for high-volume production environments. Each nozzle is designed to ensure accurate component handling, minimizing downtime and maintaining efficient assembly cycles.

Compatibility

Compatible Machines

Samsung CP 20, Samsung CP 40

Technical Specifications

Nozzle Specifications

Model	Description	Outer Diameter	Inner Diameter
N045	Standard Nozzle	1.00 mm	0.50 mm
N06	Standard Nozzle	0.82 mm	0.52 mm
N06-C	Carbide Nozzle	0.82 mm	0.52 mm
N08	Standard Nozzle	1.50 mm	N/A
