

SMT Pick and Place Nozzle TN220

This pick and place nozzle is designed for SMT assembly processes. It is a precision component used in pick and place machines.

Product Overview

Precision SMT Placement Nozzle

This high-precision pick and place nozzle is designed for reliable component handling in automated assembly environments. Engineered for durability and performance, it ensures accurate placement during the SMT assembly process. This component is compatible with specialized pick-and-place equipment.

Technical Specifications

Compatible Series	Samsung CP45, Samsung CP45 NEO, Samsung CP60
Tip Dimensions (OD/ID)	Ø3.6mm / Ø2.2mm
Reference Part Number	J9055073C

Product Compatibility List

Available Nozzle Range

Part Type	Reference
TN220	J9055073C
TN400	J9055074C
TN030	J9055069B
TN045	J9055070B
TN070	J9055071B
TN140	J9055072C
