

Snap-Off Blade Utility Knife

This snap-off blade utility knife features a segmented blade, allowing users to easily snap off the dull segment to reveal a fresh, sharp cutting edge. It is equipped with a durable plastic handle with textured grip areas and a blade locking mechanism for enhanced safety and control.

Product Overview

Professional Utility Knife

This 18mm snap-off utility knife is designed for reliable performance in workshop and office environments. Featuring an ergonomic soft-touch rubber grip, it ensures comfort and control during extended use. The integrated blade snapper allows for quick and safe renewal of the cutting edge, keeping your work efficient.
