

Solar Powered Garden Path Light

This solar-powered garden pathway light is designed to illuminate outdoor spaces with an energy-efficient glow. The integrated solar panel charges the internal battery during the day, automatically activating the LED light at dusk.

Product Overview

Solar Powered Garden Path Light

This solar-powered garden pathway light is designed to illuminate outdoor spaces with an energy-efficient and aesthetically pleasing glow. Featuring a durable construction, it withstands various weather conditions while providing reliable, automatic lighting from dusk to dawn. Its stake design allows for quick and easy installation in lawns, gardens, and along pathways, enhancing both visibility and safety.

Technical Specifications

Solar Cell Technology	Mono solar cell
Light Source	1 x Super bright white LED
Battery Capacity	600 mAh
Battery Type	1pc AA Rechargeable

Performance Metrics

Illumination Time

8 Hours

Minimum

10 Hours

Maximum

Operation Mode

Photocell • Dusk-to-Dawn

Dimensions & Build

Dimensions

Dimension	Measurement	Unit
Diameter	104	mm
Height	398	mm

Key Features

- Waterproof design
- High efficiency solar cell
- Automatic dusk-to-dawn sensor
- Easy stake installation
