

Solar Powered Garden Path Light

This solar-powered garden pathway light is designed to illuminate outdoor spaces with an energy-efficient glow. It features a built-in solar panel that charges during the day and automatically activates at dusk.

Product Overview

Solar Powered Garden Pathway Lighting

This solar-powered garden pathway light is designed to illuminate outdoor spaces with an energy-efficient and aesthetically pleasing glow. It features a built-in mono-crystalline solar panel that charges during the day, automatically activating the LED light at dusk. The durable construction ensures weather resistance, making it suitable for year-round use in pathways, gardens, and landscaping applications.

Technical Specifications

Battery Capacity

600 mAh

Capacity

Light Source	LED
Solar Cell Type	Mono solar cell
Battery Type	2pcs AA rechargeable

Performance

Operation Time	12 Hours
Lighting Features	Automatic Dusk-to-Dawn, Photocell Sensor, Waterproof
