

Solar Powered Hanging LED Light with Crystal Accents

This LED solar hanging light features a decorative spherical design with crystal-like accents, providing ambient illumination for outdoor spaces. It incorporates a solar panel for charging during the day, automatically activating the LED light at dusk.

Product Overview

Elegant Outdoor Solar Lighting

This Solar Powered Hanging LED Light combines functionality with aesthetic appeal, featuring a decorative spherical design with crystal-like accents. Built from durable stainless steel and PC materials, it is engineered for outdoor resilience with an IP65 rating against weather elements. It offers an energy-efficient solution for gardens, patios, and pathways, automatically activating at dusk to provide ambient illumination.

Technical Specifications

Battery Type	1.2V AAA 600mAh Ni-Mh
Light Source	2 LED White
Minimum Charging Time	8 H
Lighting Duration	5 H

Construction & Design

Materials

- Stainless Steel
- Polycarbonate (PC)

IP Rating

IP65

Durability Features

Anti-aging, Anti-rust, Scratch-resistant
