

Solar Powered Lawn Light

This solar lawn light uses solar energy as its power source. It automatically controls light according to ambient conditions and features a corrosion-resistant body and high-brightness LED.

Product Overview

Sustainable Outdoor Illumination

The XNY-TC-04 solar lawn lamp is a high-performance lighting solution designed for professional landscape and garden applications. Utilizing solar energy as its primary power source, this fixture offers an environmentally friendly and sustainable lighting alternative. Its durable design features corrosion resistance and stable performance, ensuring longevity in diverse outdoor environments.

Technical Specifications

Model Number	XNY-TC-04
Light Source	High brightness LED light-emitting diode
Power Source	Solar Energy

Key Features

Lighting Colors

- Multi-color support

Product Highlights

Solar Powered, Corrosion Resistant, Automatic Light Control, Energy Efficient, High Brightness
