

Solar Powered LED Pathway Light

This solar-powered pathway light is designed to illuminate gardens, walkways, and landscapes. It features a solar panel that charges an internal battery during the day and automatically activates the LED light at dusk.

Overview

Solar Powered LED Pathway Light

This solar-powered pathway light is an ideal solution for illuminating gardens, walkways, and landscapes. Designed for outdoor durability, it features an integrated solar panel that charges an internal battery during daylight hours, ensuring automatic activation at dusk. It provides reliable ambient lighting to enhance visibility and safety around your property.

Technical Specifications

Power Source	Solar energy
Light Source	LED
Automation	Yes

Installation & Usage

Installation	Ground stake included
Suitable Applications	Gardens, Walkways, Landscapes, Outdoor

Features

Key Benefits

- Automatic dusk-to-dawn operation
- Durable construction for outdoor environments
- Energy-efficient solar charging
- Enhanced safety and visibility
