

Solar Powered Stainless Steel Pathway Light

This solar-powered pathway light enhances gardens, walkways, and landscapes. Its stainless steel construction ensures durability, with the integrated solar panel providing automatic dusk-to-dawn illumination.

Product Overview

Solar Powered Pathway Lighting

This solar-powered pathway light is an ideal solution for illuminating gardens, walkways, and landscapes. Constructed from durable stainless steel, it is designed to withstand outdoor weather conditions while providing a soft, ambient glow. The unit features an integrated solar panel that charges during the day and automatically activates the LED light at dusk, offering a convenient, wire-free installation process.

Technical Specifications

Power Source	Solar Energy
Material	Stainless Steel
Installation	Stake-in-ground (Wireless)
Operation	Automatic (Dusk-to-Dawn)

Features

Key Features	Weather Resistant, Solar Powered, Wireless Installation, Automatic Activation
