Overview

Sustainable Illumination

This solar rechargeable LED torch offers a versatile and eco-friendly lighting solution for both professional and emergency applications. Equipped with high-intensity LEDs, it provides reliable brightness while utilizing sustainable solar energy for recharging. The durable construction and portable design ensure consistent performance in varied outdoor and task-oriented environments.

Technical Specifications

LED Power	1 W
Full Charging Time	10 h
Battery Capacity	400 Ah
Battery Type	Lead Acid

Performance

Performance Metrics

7 h

Max Usage Time

3 h

Min Usage Time

Features

Charging Methods

- Solar Energy Charge
- AC Plug Pin

Available Light Modes	Strong, Weak
