Product Overview

High-Performance Soundproof Power Solution

This soundproof diesel generator set is engineered for reliability and high-performance power generation in environments where noise reduction is critical. Featuring a robust engine and a sound-attenuated enclosure, it provides stable power output for industrial, commercial, and residential applications. The unit is designed for durability and ease of maintenance, ensuring a long service life and consistent performance even in demanding conditions.

Technical Features

Noise Attenuation	Yes
Safety Systems	Overspeed protection, Low oil pressure shutdown, High coolant temperature shutdown, Automatic start/stop, Voltage regulation
Maintenance Access	Simplified access to key components

Construction

Enclosure & Frame

- Sound-attenuated enclosure
- Heavy-duty base frame
- Vibration isolation
