Overview

Continuous Power Solution

This soundproof diesel generator set is engineered for reliable, continuous power supply in industrial and commercial environments. Featuring a compact, lightweight design with an effective sound-attenuating shield, it minimizes noise levels while ensuring convenient operation and maintenance. The unit integrates a high-performance engine, advanced generator design, and a fully sealed automatic voltage regulator (AVR) for stable, dependable output.

Technical Specifications

Rated Voltage	400 V
Rated Speed	1500 r/min
Rated Frequency	50 Hz
Power Factor	0.8
Maximum Noise Level	75 dB(A)
