Product Overview

Reliable Silent Power Generation

This silent-type diesel generator is engineered for consistent, dependable power output in demanding environments. Featuring a robust diesel engine encased in a specialized soundproof enclosure, it ensures quiet operation suitable for construction sites, outdoor events, and emergency backup scenarios. The integrated digital control panel provides intuitive monitoring and management of power output, making it a versatile solution for various electrical needs.

Technical Specifications

Model Number	YDG6500SED
Frequency	50 Hz
Certifications	CE, ISO 9001

Key Features

Operation Type

Silent • Diesel Powered

Design Highlights

- Soundproof enclosure for noise reduction
- Digital display control panel
- Robust heavy-duty engine construction
- Multiple AC power outlets
