

Speaker Wire Cable

This speaker wire cable comes in various American Wire Gauge (AWG) sizes and conductor configurations. Models range from 26AWG to 10AWG, with conductor counts varying from 2x7 to 2x120 strands.

Product Overview

Professional Grade Speaker Cabling

This standard gauge red and black speaker cable is designed for reliable audio signal transmission in professional and consumer environments. Available in a comprehensive range of sizes from 26AWG up to 10AWG, these cables offer flexibility in conductor configuration and stranding density. Each model is engineered with precise outer dimensions and strand specifications to ensure compatibility with varied installation requirements.

Available Gauges

26AWG, 24AWG, 22AWG, 20AWG, 18AWG, 16AWG, 14AWG, 12AWG, 10AWG

Technical Specifications

Model Specifications

Model	AWG	Strands	O.D (mm)
FD-187A	26	2x7/0.12	1.7 x 3.4
FD-187B	24	2x12/0.12	1.8 x 3.6
FD-187C	22	2x15/0.12	2.0 x 4.0
FD-187D	20	2x20/0.15	2.2 x 4.4
FD-187E	18	2x30/0.12	2.5 x 5.0
FD-187F	18	2x18/0.16	2.5 x 5.0
FD-187G	16	2x30/0.15	3.0 x 6.0
FD-187H	16	2x50/0.12	3.0 x 6.0
FD-187I	14	2x50/0.15	3.5 x 7.0
FD-187J	14	2x70/0.12	3.5 x 7.0
FD-187K	12	2x100/0.12	4.0 x 8.0
FD-187L	10	2x120/0.12	5.5 x 10.0
