

Spherical Layered Pendant Lamp

This pendant lamp features a spherical shade made from layered, wavy white material, which creates a soft, diffused light. It is suspended by a slender cable attached to a circular, brushed-metal ceiling mount, offering a modern lighting solution.

Product Overview

Contemporary Spherical Pendant

This spherical pendant lamp features a distinct layered, wavy design that creates a soft and diffused lighting effect. Its artistic construction makes it an ideal choice for elevating the aesthetic of modern residential and hospitality interiors. Designed for versatility, this fixture seamlessly complements living rooms, bedrooms, and hotel environments.
