

Spherical Solar Lawn Light

This solar lawn light uses solar energy as its power supply. Its novel and beautiful appearance can automatically control work according to the light.

Product Overview

Solar-Powered Outdoor Illumination

The XNY-TC-08 solar lawn lamp offers a sophisticated lighting solution for residential and commercial landscaping. Utilizing renewable solar energy, this unit features automatic light-sensing controls to ensure efficient operation from dusk to dawn. Built with corrosion-resistant materials, it provides long-term reliability and high-brightness LED output while maintaining an environmentally friendly profile.

Technical Specifications

Model	XNY-TC-08
Product Code	61D944BCCB
Power Source	Solar Energy

Features

Construction Highlights

- Corrosion-resistant lamp body
- Automatic light-sensing control
- High-brightness LED light-emitting diode
- Long operational life
- Weather-resistant design

Available Colors

Multi-color support
