

## Technical Specifications

### Key Operational Metrics

**10 A**

Conventional Heating Current

**660 V**

Max AC Rated Insulation

**2.5 kV**

Withstand Voltage

### Electrical & Mechanical Data

Parameter	Value
Insulation Resistance	e5M©
Contact Resistance	d2m©
Indicator Brightness	60cd/m <sup>2</sup>
Voltage Wave Tolerance	±20%

## Durability

### Service Life

- Mechanical Life: 1,000,000 cycles (pushbutton)
- Electrical Life: 5,000,000 cycles (pushbutton)
- Continuous Lamp Life: 100,000 hours
