Dimensional outline and available indicator light colors.

Specializing in production of buttons and indicators since 1997

Square LED push button design for standard control panels.

Compact Industrial LED Push Button

The XDL16-FXD series is a high-performance square push button switch featuring integrated LED illumination. Engineered for industrial control, it offers robust operation with zinc alloy and high-grade anti-flam plastic components. This versatile switch is ideal for signal, control, and interlocking purposes in circuits up to 660V.

Electrical Specifications

Rated Insulation Voltage	AC 600V (50Hz/60Hz)
Conventional Heating Current	10 A
Contact Resistance	d25m©
Insulation Resistance	e5M©
