

Square Ventilation Exhaust Fan with Duct Connector

This square exhaust fan is designed for ventilation purposes. It features a grille front and a corrugated duct connector for connecting to ventilation systems.

Product Overview

Professional Ventilation Solution

This square-shaped exhaust fan is engineered for efficient air extraction in residential and commercial environments. Designed with a clean, white grille front, it integrates seamlessly into bathrooms, kitchens, or utility spaces. The unit includes a robust, corrugated duct connector on the rear, ensuring a secure and reliable connection to standard ventilation ductwork systems.
