

Stainless Steel Cut-Off Disc

This flat cut-off disc is designed for cutting stainless steel. It has dimensions of 115x1x22.2mm (4-1/2"x3/64"x7/8") and complies with EN 12413 standards.

Product Overview

High-Performance Cutting Solution

This professional-grade flat cut-off disc is engineered specifically for efficient cutting of stainless steel (Inox) materials. Constructed from durable aluminium oxide, it ensures precise performance and longevity in demanding applications. The disc is fully compliant with EN 12413 safety standards, making it a reliable choice for industrial and workshop environments.

Technical Specifications

Dimensions (Metric)	115 x 1 x 22.2 mm
Dimensions (Imperial)	4-1/2" x 3/64" x 7/8"
Material	Aluminium oxide
Specification Code	A46T-BF

Performance Metrics

Operating Limits

15200 RPM

Max Speed

80 M/S

Max Peripheral Speed

Compliance & Standards

Standards Compliance	EN 12413, MPA Certified
----------------------	-------------------------

Application

Compatible Materials

Stainless Steel • Inox
