

# Stainless Steel Fixed Blade Outdoor Knife

This fixed blade knife features a stainless steel blade known for its hardness and corrosion resistance. The ergonomic handle is designed with black and orange materials for a secure, comfortable grip.

## Product Overview

### Rugged Versatility

This fixed blade knife is engineered for professionals and outdoor enthusiasts who demand reliability in harsh environments. Featuring a high-grade stainless steel blade with a premium satin finish, it offers superior corrosion resistance and edge retention. The ergonomic handle is constructed from a robust nylon and TPR blend, ensuring a secure, non-slip grip even in wet or demanding conditions.
