

Stainless Steel Ice Bucket with Tongs

This stainless steel ice bucket keeps ice cold for parties and events. It includes a pair of ice tongs for easy serving.

Product Overview

Professional Quality Stainless Steel Ice Bucket

This durable stainless steel ice bucket is designed for professional beverage service in bars, restaurants, and catering environments. It features a robust cylindrical construction with a reinforced base for superior stability during high-volume use. The set includes matching stainless steel tongs with serrated edges, ensuring a secure grip on ice cubes for efficient serving.
