

Stainless Steel Outdoor Gas BBQ Grill

This stainless steel gas BBQ grill is designed for outdoor use. It features multiple burners with individual controls, electronic ignition, and a built-in thermometer.

Overview

Professional Grade Stainless Steel BBQ

This durable outdoor gas BBQ grill is constructed from high-quality 430-grade stainless steel, featuring a double-layer hood with seamless welding for optimal heat retention. Designed for serious outdoor cooking, it includes a spacious primary cooking area, a dedicated infrared back burner, and a side burner for versatile meal preparation. The unit is fully mobile on four heavy-duty wheels and offers convenient storage within its double-door stainless steel trolley base.
