

Stainless Steel Round Fry Basket

This round fry basket is constructed from durable stainless steel. It features a sturdy wire mesh basket for efficient draining and a long handle for safe and comfortable use.

Product Overview

Professional Grade Fry Basket

This round fry basket is expertly crafted from durable stainless steel, designed to withstand the rigors of both home and commercial kitchen environments. Featuring a sturdy wire mesh construction, it ensures efficient oil draining for crispy results every time. The integrated long handle promotes safe handling, while the built-in hook allows for convenient storage when not in use.
