Product Overview

Professional Measuring Solutions

These stainless steel tape measures are engineered for durability and precision in demanding construction and layout environments. Featuring a robust, rubberized stainless steel casing and a nylon-coated blade, they are built to withstand heavy daily use. The inclusion of an auto-lock system and a magnetic hook ensures fast, accurate, and reliable measurements for a wide range of professional applications.

Technical Specifications

Blade Width

19 mm

Blade Width Option 1

25 mm

Blade Width Option 2

Available Lengths

- 5m / 16ft
- 8m / 26ft

Key Features

Auto Lock System • Magnetic Hook • Dual Blade • Dual Scale

Construction Materials

Stainless Steel, Rubberized Casing, Nylon Coated Blade
