

Stainless Steel Tea Infuser Vacuum Flask

This stainless steel vacuum flask features a double-walled construction for insulation, keeping beverages hot or cold. It includes a removable tea strainer for brewing loose leaf tea and a leak-proof lid.

Product Overview

Premium Vacuum Flask with Tea Infuser

This stainless steel vacuum flask is engineered for versatility and durability, featuring advanced double-walled construction to maintain optimal beverage temperatures for extended periods. It comes equipped with a removable tea strainer, making it an excellent solution for brewing loose-leaf tea on the go. Designed with a leak-proof lid and a sleek, modern aesthetic, this flask is the perfect companion for office environments, travel, or daily home use.
