

Stainless Steel Threaded Flange

This flange is available in sizes from 1/2 inch to 80 inches. It is constructed from carbon steel, including A105(N), C22.8 ST-37.2 S400 S440 SQ235(CS20#) A106B A53 Q345.

Product Overview

Industrial Stainless Steel Threaded Flange

This high-quality stainless steel threaded flange is engineered for secure, leak-proof pipe connections in demanding industrial environments. Constructed from corrosion-resistant materials, it provides exceptional durability and long-term reliability. The integrated threaded bore ensures a straightforward installation process, making it an essential component for robust fluid handling systems.

Technical Specifications

Material Grade

Stainless Steel • SA105 • C21

Flange Type

Threaded Raised Face (THR RF)

Nominal Pipe Size

3 inches

Pressure Class

150 lbs

Quality and Compliance

Key Features

Corrosion Resistant, Leak-proof, Industrial Grade, Durable
