Product Overview

Professional Kitchen Ventilation

This wall-mounted range hood is engineered for high-performance kitchen ventilation, combining robust stainless steel construction with efficient grease and odor removal. Designed for modern kitchens, it features intuitive touch controls and integrated LED lighting to enhance the cooking environment. The unit provides powerful suction and quiet operation, making it a reliable solution for maintaining clean air in demanding culinary spaces.

Technical Specifications

Model Number	CXW-220-Z1812(B)
Motor Power	220 W
Suction Capacity	25±10% m ³ /min
Wind Pressure	g60Pa
Maximum Static Pressure	900 Pa
