

Stainless Steel Whistling Tea Kettle

This is a stainless steel whistling tea kettle with a polished, reflective surface. It includes a heat-resistant handle and spout trigger for safe and easy pouring, and the whistle signals when water has boiled.

Product Overview

Premium Stainless Steel Whistling Kettle

This classic, rounded tea kettle is crafted from high-quality stainless steel with a polished, reflective finish. Designed for safety and convenience, it features a heat-resistant handle and a spout trigger that allows for easy, controlled pouring. The integrated whistle provides a clear, audible alert as soon as the water reaches the boiling point, ensuring efficient use in any professional or home kitchen environment.
