

Stainless Steel Wire Rope

This stainless steel wire rope is available in 7x7 and 7x19 strand configurations. It is suitable for applications requiring strength, flexibility, and corrosion resistance.

Product Overview

High-Performance Stainless Steel Wire Rope

This premium stainless steel wire rope is engineered for durability, offering superior corrosion resistance and versatility across demanding industrial environments. Available in a comprehensive range of diameters and strand configurations, it provides reliable performance for rigging, construction, and metallurgical applications. Engineered to international standards, these ropes are designed to maintain integrity under significant tensile stress while providing excellent flexibility.

Technical Specifications

Tensile Strength

- 1570 N/mm²
- 1670 N/mm²
- 1770 N/mm²

Available Constructions

1X7, 1X19, 7X7, 7X19, 6X7+FC/IWS, 6X19+FC/IWRC/IWSC, 19X7, 6X37+FC/IWRC, 6X36WS+FC/IWRC

Diameter Range

0.3mm to 32mm

Material & Standards

Material Grade

AISI 304 • AISI 316 • AISI 304L • AISI 316L • Non-magnetic

International Standards

AISI, ASTM, DIN, EN12385-4, BS, GB, JIS

Logistics & Surface

Surface Finish

- Bright
- Annealed
- Electro polished

H.S. Code

7312100000
