

# Standing Electric Fan

This standing electric fan is designed for efficient air circulation in industrial environments. It is available in various models with different sizes and voltage options.

## Product Overview

### Professional Standing Fixed Electric Fans

These standing fixed electric fans are engineered for efficient and reliable air circulation in various environments. Available in multiple sizes ranging from 300mm to 450mm, these units cater to diverse ventilation requirements. With robust airflow capabilities and multiple voltage compatibility, they provide a versatile solution for cooling and air movement needs.

## Technical Specifications

Voltage Compatibility	110V-130V, 220V-240V
Rated Frequency	50Hz, 60Hz
