

Steel Frame Wheelbarrow with Pneumatic Tire

This wheelbarrow is designed for landscaping, construction, and gardening tasks. It features a sturdy steel frame and a pneumatic tire for smooth maneuverability.

Product Overview

Durable Steel Frame Wheelbarrow

This durable and reliable wheelbarrow is engineered for demanding landscaping, construction, and gardening tasks. It features a robust steel frame with a protective red powder-coated finish for enhanced corrosion resistance, ensuring long-lasting performance. The deep blue steel tray offers substantial capacity for hauling materials like soil, gravel, mulch, and debris, while the pneumatic tire ensures smooth maneuverability across rough or uneven terrain.

Key Features

Construction Materials	Steel Frame, Powder-Coated Finish, Steel Tray
Handle Design	Ergonomic handles with black grips for reduced strain

Performance Metrics

Wheel Type	Pneumatic tire
