

Steel Frame Wheelbarrow with Pneumatic Tire

This wheelbarrow is designed for construction, gardening, and landscaping applications. It features a durable steel frame and a high-capacity tray for efficient material handling, along with a pneumatic tire for smooth maneuverability.

Product Overview

Professional Grade Material Handling

This robust steel frame wheelbarrow is engineered for demanding tasks in construction, landscaping, and gardening. It features a heavy-duty design capable of transporting materials like soil, gravel, and concrete with ease. The integrated pneumatic tire ensures smooth operation and excellent maneuverability even across uneven terrain.

Technical Specifications

Model Number	WB1003P
Frame Material	Steel
Wheel Type	Pneumatic

Key Features

Operational Advantages

- High-capacity tray for efficient loading
- Durable steel frame construction
- Smooth maneuverability on varied surfaces

Primary Applications	Construction, Gardening, Landscaping
