

Steel Hand Trolley 150kg Capacity

This steel hand trolley has a maximum loading capacity of 150kg. It is equipped with 10-inch rubber pneumatic wheels and a full welded steel rim.

Product Overview

Robust Steel Hand Trolley

This durable steel hand trolley is designed for efficient and reliable material handling in warehouses, workshops, and industrial environments. Featuring a high-strength steel frame and a fixed platform plate, it offers superior durability compared to aluminum alternatives. The dual-handle design provides enhanced load control, while heavy-duty wheels ensure smooth maneuverability across various surfaces.

Technical Specifications

Load Capacity

150 kg

Maximum Load

Material	Steel
