

# Steel Measuring Tape

This steel measuring tape is designed for accurate measurements in various applications. It features a robust casing for protection and a clear, easy-to-read scale for precise readings.

## Product Overview

### Professional Grade Steel Measuring Tape

This versatile steel measuring tape is engineered for durability and precision in demanding environments such as construction and woodworking. It features a convenient self-locking mechanism that ensures the tape stays in place during measurements, enhancing user efficiency. With dual-scale marking including both metric and imperial units, it provides the flexibility required for international professional standards.

## Dimensions and Capacity

Total Length	3 m
Tape Width	16 mm

## Features

Self-Lock Function	Yes
Measurement Systems	Metric, Inch
