

Steel Platform Hand Truck

This steel hand truck is a robust solution for material handling in industrial and commercial settings. It features a non-slip platform and smooth-rolling casters for secure and easy transport.

Product Overview

Versatile Material Handling Solution

The YB150A Steel Hand Truck is a robust and versatile platform designed for demanding industrial and commercial environments. Constructed from high-quality steel, it offers exceptional load-bearing capacity and long-term durability. Its folding handle design ensures compact storage, while smooth-rolling casters provide effortless maneuverability across various surfaces, helping to streamline workflows and reduce physical strain.

Technical Specifications

Material	High-quality steel
Platform Surface	Non-slip coating
Handle Configuration	Folding

Key Features

Suitable Environments	Warehousing, Workshops, Retail Environments, Industrial
Mobility	Smooth-rolling casters
