

Step-Through Electric Bicycle with Basket

This step-through electric bicycle is designed for comfort and convenience. It features a low step-over frame for easy mounting and dismounting, and it is equipped with an electric motor to provide assistance while pedaling.

Overview

Versatile Step-Through Electric Bicycle

This electric bicycle is engineered for maximum comfort and convenience, featuring a low step-over frame that ensures easy mounting for riders of all ages. Equipped with an integrated electric motor and battery pack, it provides seamless pedal assistance for tackling hills and long-distance commutes with minimal effort. The inclusion of a front basket, rear rack, and protective fenders makes it an ideal choice for urban utility and daily errands.
