

Step-Through Electric Bicycle with Basket

This electric bicycle is designed for urban commuting and leisure rides. It features a step-through frame, a front basket, and comfortable seating.

Overview

Urban Commuting Solution

The Step-Through Electric Bicycle is an eco-friendly transportation solution designed for both urban commuting and leisure rides. It features a convenient step-through frame for easy mounting and dismounting, alongside a practical front basket for storage. Powered by an electric motor, the bicycle offers versatile pedal-assist or full electric modes to suit various terrains and rider preferences.
