

Step-Through Electric Bicycle with Basket and Backrest

This electric bicycle features a step-through frame, front basket, and rear seat with backrest. It is equipped with both pedals and a chain drive, utilizing a hybrid electric-pedal propulsion system with a centrally mounted battery pack.

Product Overview

Urban Mobility Redefined

This step-through electric bicycle combines style and functionality for modern urban commuting. Featuring a user-friendly frame design, it includes a convenient front basket for storage and a rear seat with a backrest for passenger comfort. Engineered for versatility, it utilizes a hybrid electric-pedal system to provide an efficient and enjoyable ride for daily travel or recreational use.
