

# Step-Through Electric Bicycle with Basket and Rear Seat

This electric bicycle has a step-through frame, a front basket, and a rear seat with a backrest. It also features front and rear fenders, a chain guard, and an electric motor integrated into the rear wheel.

## Overview

### Versatile Step-Through E-Bike

This electric bicycle features a convenient step-through frame design, making it accessible and easy to mount for riders of all abilities. Equipped with a practical front basket and a comfortable rear seat with a backrest, it is designed for both utility and passenger convenience. The integrated rear-wheel motor provides reliable assistance, while essential safety features like fenders and a chain guard ensure a clean and protected ride.
